

Invitation to "Skåne Runt 2022 – Öland"

Introduction

Dear gyrocopter friends in Sweden, Denmark, Germany, France and elsewhere!

It's four years since the latest 'Skåne Runt' was held and we were able to take the picture above. Those of us who were there surely have nothing but fond memories from the event. Since then, a by now rather infamous pandemic has stopped all attempts to yet again push the 'GO repeat' button.

But, persistence prevails! End of May 2022 we'll meet again for the largest gyrocopter Fly-In in northern Europe.

Welcome!

/Nils Gyllenkrok & Henric Endoff

Outline

- Thu. May 26 Arrival Borglanda (ESMB) in your own time. See 'Notes' for more info.
 Settling-in nearby for 2 nights. See 'Note's for more info.

Lunch	
2a. Sandvik – turn-around Långe Jan (lighthouse at the southern tip),	100 km
2b. Långe Jan - Borglanda,	<u>75 km</u>
SUM	263 km

What do we need from you right now?

There will be a two-phased registration process:

- 1) Right now – or at the **latest February 28, 2022** @ (7 pm GMT+1) – announce your interest to participate to Henric Endoff, either via phone +46-70-542 2832, or via e-mail: henric.endoff@agenda-bd.com Let us know
 - a) How many people that will require lodging and participating in the joint dinners, and
 - b) If you are coming with a gyrocopter.

We welcome also those who just want to 'hang-around' without having your own rotary aircraft. It might be difficult, though, to join flying around Öland on the Friday....but Öland can surely offer plenty of other activities.

The information above will be used to make preliminary reservation of rooms.

- 2) Once we've secured adequate lodging based on preliminary applications, we will communicate back to you and ask you to do your own room reservation as well as let them know if you have any dietary restrictions.

Notes

- Two different types of lodging will likely be available:
 - Double rooms for 1000 - 1400 SEK/night incl. breakfast at a decent location nearby Borglanda
 - Shared rooms with 4 single beds/room in a hostel, located on the same premises, for abt. 300 SEK/bed/night + 100 SEK per breakfast.

- A proper, joint dinner with set menus at fixed price will be held at a different, nearby place for each of the two evenings.
- Special practical assistance with lodging, food and fuel will be organized for overseas participants on their way to Borglanda and if needed, on their return home.
- Conceptually, we're thinking about organizing three groups flying to Borglanda (and return if there is a wish):
 - 1) Gyrocopters from Denmark, Germany, France and Skåne direction
 - Contact: Nils Gyllenkrok, e-mail nils@gyllenkrok.nu cell phone: +46-70-660 5051
 - 2) Gyrocopters from the Gothenburg direction
 - Contact: Anna Aspgren, e-mail: anna@aspgren.se cell phone: +46-70-285 9554
 - 3) Gyrocopters from the Stockholm direction and further north
 - Contact: Henric Endoff, e-mail: henric.endoff@agenda-bd.com cell phone +46-70-542 2832

Needless to say, participation is voluntary, you can come and go as it fits your personal plans.

- Fees: Based on what is known as of Feb. 14, 2022; Besides lodging & food, there will be a fee of 120 SEK/gyrocopter for using Borglanda during 2 days.
- Fuel: Of all airports on Öland, it is only Borglanda that can offer fuel – and only 100LL. If you only would like to use 91-96 UL, please consider mainland airports on your way in or out from Öland.
