

GYROCOPTER MEETING 2023

FROM MAY 27.th to 29.th

Seeing you in SAMSØ, Denmark

It's a pleasure to invite you to our gyrocopter event 2023 in Denmark. The event will be held on the beautiful small island, Samsø. Samsø is in Kattegat between

Jutland and Zealand. The island has 3716 citizens, the area is 114 km².

We have found a nice place for our accommodation, Oasen close

to Nordby, 8 km from EKSS, our airfield.

You will find Samsø very attractive with the half-timbered houses, churches, castles, and the beautiful landscape. We have rented bicycles so we can enjoy these unique sights.

Saturday:

When we arrive EKSS there will be sandwiches, cold drinks, beers, coffee and tea. We expect that we meet between 12:00 and 15:00 at EKSS airfield. We refuel some of the gyros. Our luggage will be transported by car to Oasen. We will use the bike. If you don't want to do that, just let us know, and you will be transported by car.

When we arrive the hotel, the evening is free for a tour to

Nordby or a or just a quiet evening at the hotel together with old friends you haven't seen for a long time.

Sunday:

There is brunch from 8:00 to 10:00 in the morning. After the brunch there are different possibilities to

spend a part of your day.

It is possible to have a flight in your gyro around Samsø to have a closer look of this fantastic island. The flight will take less than an hour. Please fly clockwise around the island and remember, that gyrocopters are not the most quiet aircraft. So please keep distance to built-up areas. Start fee is dkk 100,- or EUR 14,-.

If you want to have a ride in the area and see some of the picturesque landscapes and buildings, this is another possibility. Just let us know and we will arrange a tour while others are flying.

We will be at the airfield around 9:15. We leave the airfield about 10:20 for a ride to the Morgan Garage, an exciting museum. We expect to be at the museum around 11.00.

After seeing the museum, it's time for a lunch. Some few hundred meters from the Garage you will find the restaurant Søster Sidevind.

When you say Samsø you also say "Potatoes". Samsø is well known for the high quality of potatoes and every year there is a battle being the first supplier of these nuggets of gold. 50 EUR/kg.

When we have finished our lunch it's time for another ride. We will find a beautiful and peaceful way back to the hotel.

There will be time for a rest before the dinner which start 19:00. The dinner will include a starter, main course and a dessert including 1 glass of white and 2 glasses of red wine. After the dinner we will get coffee avec.

Monday:

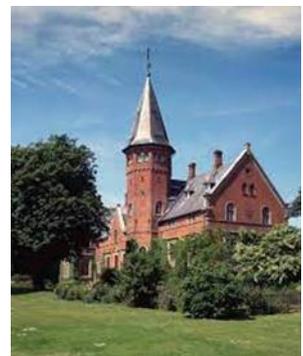

Lunch between 8 and 10. Our luggage will be transported to the airfield. We leave the bicycles at the airfield no later than 12:00. We refuel the gyros and say goodbye after spending a few pleasant days together.

Practical information.

Booking and Payment.

We need to be early with the booking of the hotel, so please send me the scheme and payment no later than December 1.th.

If we need to cancel the event due to bad weather few days before I am sorry to say, that we will loose the money for the hotel.

PERMISSION TO FLY IN DENMARK.

In Denmark we still need to mail you a permission to fly, so please mail me a copy of:

Reg.no. of your Gyro, name of gyro, medical certificate, pilot license, insurance, and the Permit to fly.

Accommodation:

Since we have a lack of rooms with 2 beds, I kindly ask you to make sure, that you have 2 persons for these rooms. You choose the rooms you want, but we can't guarantee, that you will get it. If there is e.g. rooms with 4 or 5 beds available and we can give you one of these for only 2 persons we will do that. If we must place you together with other guests, we will let you know before. You will then have the possibility to choose your own mates.

Mogas or 100LL:

If you need to have a stopover we can supply you with Super 100E5 in Måløv

You can get 100LL at:

Roskilde EKRK, Ringsted EKRS, Maribo, EKMB, Odense EKOD, Kolding/Vamdrup EKVD,

BUT we need to make sure that there are people at the location where you want to refuel. So contact us so we can arrange it for you. We need also to know your time schedule.

Airfield information:

Please, read the airfield information carefully. Be aware that T&G is not permitted. There is a camping space close to the end of runway 28.

See for your information:

Aim.naviair.dk, VFR Flight Guide Denmark, VFG Part 3 Flyvepladser (AD), AD2 Public Aerodromes, Samsø – EKSS.
